

Don't You Back Down

C G Am F

You're solid gold through and through

You're pure salt just being you

You kill those giants, you move those hills

You overcome just being still

You hit the mark you don't fall short

Your aim is true the target's yours

You kill those giants, you move those hills

You overcome, just being still

Don't you back down, don't you give up

Sow your tears, plant your love

Just be, just be - you, still (rpt)

Don't you back down, don't you give up

Sow your tears, plant your love

Greg Stigter, New Life Dee Why
